

WEXLER® CE Banding Machines

The **Wexler CE Banding Machine** is a smart choice when it comes to banding. This unit provides regulated heat sealing to provide maximum reliability.

From small table top models to floor model units, this machine can run both paper or polyfilm anywhere on your production floor.

Custom imprinting is also available, allowing logos, bar codes or product information to be pre-printed on the material.

Thousands of CE machines are operating worldwide. Wexler's excellent reputation in banding and years of technical experience offer a winning combination.

CE-340 with
Jumbo Dispenser
Stand

CE-240 Table Top

CE-240 Table Top
with lifter attachment

CE Banding Material

Wexler CE Banding machines can run white or brown paper, clear polyfilm or custom imprinted material. This allows you to include logos, bar codes or other important information.

Model/Size	Product Width	Product Height	Speed/Cycles	Band Widths
WEXLER-CE-240	1" to 9 3/8"	up to 6"	22-26 cycles per min	30mm (1 1/4")
WEXLER-CE-340	1" to 13"	up to 6"	22-26 cycles per min	30mm (1 1/4")

Options Available:

- Tape Lifter (for CE240) - allows the use of polyfilm
- Jumbo Dispenser Stand (both models) - Uses of large rolls of material and adds mobility.
